

The Franklin Regional Council of Governments invites you to:

Municipal Actions on Marijuana Legalization

Local Official Workshop Series for FY 2017

Free trainings to build the skills of Franklin County local officials

As of December 15 recreational marijuana use is legal in Massachusetts. This is a major change in our culture, and towns are interested in learning more about what role they can play in how the transition happens in their communities. Much is not yet known, but we have gathered expert speakers to address:

- Where are we now? What is permitted? What happens next?"
- Reviewing zoning for marijuana retail, growing, and processing operations
- Issues to consider related to a temporary moratorium on retail and related operations in your town
- Local options to regulate, including complete prohibition
- What the legislature intends to address (& an opportunity to share what you would like to see them do)
- Steps to take to protect children from exposure

Presenters: Representative Steve Kulik
Attorney Joel Bard, KP Law
